STATINTL

1. [redacted] informed me that he and Mr. Kirkpatrick had had a meeting with Mr. Ladd, Assistant to the Director of the FBI, and that the latter had raised the question of CIA passing information to the McCarran Committees. Mr. Ladd indicated that the Committee was planning to release a blast of some 200 foreigners in this country and indicate CIA as one of their sources. He indicated the hope that if we were to pass information that we would inform the Bureau in advance so that they would know of the information as well. Mr. Kirkpatrick and [redacted] denied any knowledge of this matter. I have informed Mr. Arens, Counsel for the Immigration & Naturalization Subcommittee, that this incident has occurred, indicating a possible leak in his shop.
